Information regarding FeM-membership

An English version of this Wiki page is still in progress.

Why a FeM-membership?

Our members are working voluntarily and and work in various topics like operating the FeM-Net und its services (like our Jitsi video conferencing platform), streaming of lectures and events, supporting the users of the FeM-Net as well as many other small and large projects. Furthermore, members get access to various internal services we are providing, like the FeM-Net. Anyone who'd like to work in our association or who'd like to use some of our internal services should become a member of our association.
