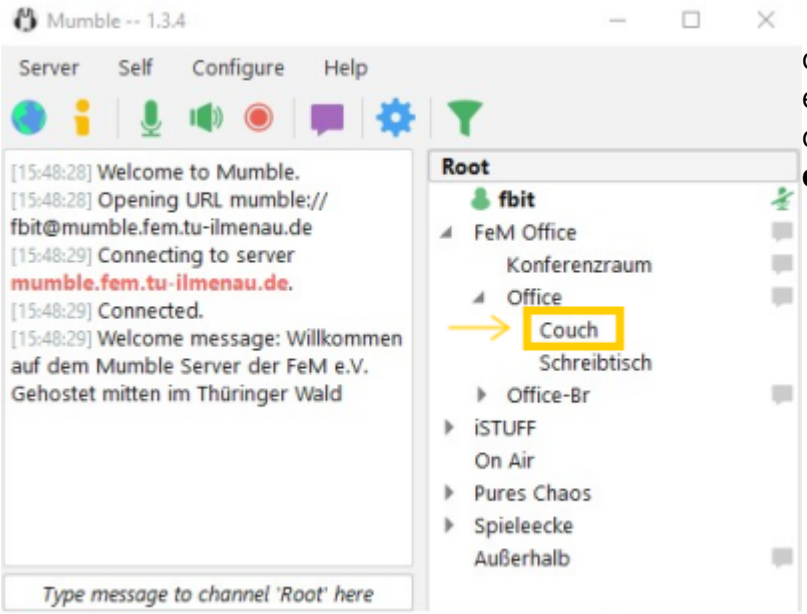
Mumble

Mumble is a software for voice chat. To connect to our FeM Mumble server, you have to:

1. Download Mumble and execute it
2. Add a new server:
    - address: mumble.fem.tu-ilmenau.de
    - port: 64738

Channels



A server is divided into different channels. In voice chat, you can only hear each other if you are in the same channel. To switch the channel, just **double-click** on the channel name.
